Of the proposal to introduce impressed Stamp papers for hundis payable otherwise than on demand but has not given any data to judge whether there is a great demand for such impressed hundis in the province. It is not clear if hundis are largely used by the trading classes in the State. My impression is that they are not so largely used as in Madras for instance where these hundis are popular with the Nattukottai Chetty merchants. The necessity for the proposal does not seem to have been clearly made out.
